General Report Comments: I contacted the complaint to assist with a pin code to enter the premises. She sent me a pin and i drove to the estate and confirme the owner of the property went out.

I entered the estate and upon arrival the garage door was opened. I knocked at the gate and Mrs Mkhize came out. I shared with her that i came to do a follow inspection. She granted me access to enter the house. The dogs were observed roaming freely on property and they are clinically alert. The dogs appears to be in a good condition having access to water and shelter. According to Mrs Mkhize the dogs are left to roam freely during the day and sleep in the house at night.

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken in terms of the law. I strongly believe the case can be closed.
