General Report Comments: Upon arrival I hooted and Sbonelo came out. He couldn't grant me access to the gate as the owner of the property wasn't home.

I shared a nature of complaint with him and he stated those allegations are false he knows the dogs fought. The dog that was injured did receive medical attention and he further claimed that he knows the complaint. The complaint broke into the property and tried to hit the owners wife regarding the dog that recently joined the family. He further stated that he doesn't understand why she is involving in their politics because as far as he knows the complaint doesn't want the dog to be owned by Chris who is the owner of the property.

Sbonelo then gave me Chris numbers to make arrangements as he was out to collect stock.
Sbonelo was left alone on the property.
