General Report Comments: Upon arrival i pressed the intercom and hooted.

I was accompanied by Metro Police, Inspector Petra and Inspector Kerri.

The owner arrived and very rude shouting. She made calls telling us she is waiting for his attorney. He wanna sue SPCA for coming to his property. His wife was very frustrated telling me that i should've made an appointment. I told her that how cos i was told to come back with a warrant.

Byron that demanded to see my authority and i showed. He took a picture of my authority that has my identity number while her wife was busy shouting that because they are black they can't look after the dogs.

Byron then granted me access instructing Inspector Kerri, Inspector Petra and Metro Police to stand outside his property. When i mentioned that Metro is on the warrant he told me that he doesn't care my name is on the warrant and he dealt with me before so I'll enter with him. Metro police then responded that i can go in they will wait until everything is done. I made an voice record when i entered the property until i leave so he doesn't lie about me.

We went to the backyard where i observed a dog named Max that appears to be in a fair condition . The dog was roaming freely and has access to adequate shelter. Portable water is provided and the living environment is clean. The dog has atrocities and is on chronic medication. Medication attached.

Byron then stated he wanna deal with SPCA legally for coming in his property .

In terms of the animals protection act 71 of 1962. There is no contravention and there is no further action that can be taken.

I then went to the police station to make an affidavit regarding a picture that was taken by Byron Diederick
