General Report Comments: Upon arrival I hooted and shouted Wood came out.

He opened the gate and i shared a nature of complaint. He allowed me to do an inspection and there are no feaces observed on the property. The living environment is clean and the dogs have access to adequate wooden kennel. The kennel is adequate size as it can accommodate 2 dogs based on their size. The dogs are roaming freely on the property and they can express animal natural behavior.

The dogs have access to portable water provided in 5 litre bucket. No dog appears to be injured or sick and no dog display any sign of discomfort. The dogs appears to be in a acceptable body condition.

I strongly believe the case can be closed. There is no further action that can be taken in term of the Animals Protection Act 1962. Case can be closed until further notice.
