General Report Comments: Upon the follow-up inspection i went with Field officer Eric Smamane for assistance as the address provided by the complainant was wrong.

On arrival we hooted and Zandile opened up the gate. The dog in question named Jacob was observed roaming around playing. Looking on the head of Jacob i could see that it was a minor scratch and there is no bleeding observed on the dog. There is no form of discomfort from the dog as it was jumping and running around the vehicle. Jacob appears to be in a good condition and clinically alert. The dog has access to adequate shelter and portable water. The living environment is clean and hygienic.

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken in terms of the act. I strongly believe the can be closed until further notice.
