General Report Comments: Upon arrival i hooted and someone opened the gate. I went to know on the front door and Natasha opened the door.

The dog named Milo was then observed. Milo is very aggressive towards the strangers and is a small breed jack russel cross. Natasha had to lock the dog in one of the rooms so i can enter the house. The dog appears to be in a good condition and clinically alert. This is a double story house and the space is adequate for the dog. Milo is a house dog and he is always in the house. He barks when he see stranger at the front door and has access to water. The dog doesn't seem to be terrified of the Natasha and her husband. She then denied the allegations that were raised against her.

I issued a notice to comply stating
It has been brought to attention that you were seen beating the dog under your custody.

If we should receive any evidence supporting these allegations. It will lead into further actions taken against you in terms of the animals protection act 71 of 1962.
