CHECKLISTS

General Report Comments: Upon arrival I met mr HARRYSINGH he granted me access to enter the property

The property is adequately. There are no hazardous objects observed. The dogs only exits the property when someone opens the gate.

There is a section at the back that is adequate size for 2 dogs.

I advised the owner to confine bith dogs in that section and let them roam freely at night. They have organized an animal behaviorist to train the dogs.
