General Report Comments: Upon arrival i met Velen. He granted me access to enter the property. I went to check the kennel and he has used sail to cover the kennel to ensure the rain doesn't penetrate. There is a peace of wood added in the kennel to ensure there is elevation from the flooring

Portable water is provided for the dog. The dog went outside while Velen was opening the gate. The dog appears to be in a good condition and clinically alart. The living conditions is clean as there are no hazardous objects that are causing obstruction. I then donated a bag of dog food

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken
