General Report Comments: Upon arrival i hooted and shouted. The guy who introduced himself as Nkululeko came to the gate.

I shared a nature of complaint and he stated he has a dog. The property isn't adequately fenced however his problem is once he let Rockie roam freely he always see messages on the community group on WhatsApp of people saying his dog will attack kids. He then decided to put the dog on a chain.

I requested to see the dog. He then granted me access to enter the property. The dog named Rockie was observed in a static chain that was about 1 meter long and the dog couldn't even seat down. The dog was tired to the shelter and couldn't reach water.

I instructed Nkululeko to extend the chain immediately while i was on the property as i could see a solid rope. Nkululeko extended one meter chain with a rope and length in total was approximately 4 meters. Rockie could move around and could seat even though he appears to be a powerful dog. Rockie has access to shelter and water is provided. I also noticed that there was no collar provided and i educated the owner that it will cause an injury on the dog e.g embedded collar/chain

I issued a notice to comply

1. Provide a running chain for rockie within 7 days so Rockie can express animal natural behavior.

2. Provide adequate collar within 7 days to prevent injuries.
