General Report Comments: Upon arrival on follow up inspection
i met Nkululeko and he granted me access to enter the property.

We walked to where Rockie is kept and I observed Rockie on a static chain that is 5 meters long. Rockie can express animal natural behavior and he appears to be in a good condition. Rockie is in a good condition and the living environment is clean. Rockie has access to portable water. Adequate collar is provided for the dog in question.

According to Nkululeko once he has finances he will fix the fence and ensure the dog is roaming freely at all times

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken regarding the act. I strongly believe the can can be closed until further notice.
