VETERINARY PROBLEMS / HEALTH CO	Yes ***	Dog was dead
CONFINEMENT OF ANIMALS	On running chain	Not properly fenced .

General Report Comments: Upon my arrival I was met by the neighbour Sue Campbell who told me that there was a dead dog on chain at the back.
She gave me the owners contact details, then I tried to call the owner to ask the permission to go into the property, the network was so bad he couldn't hear me so I sent him the watsup messages. (That's up message attached)
He replied to my message saying he was going to send someone to go into the property with me. Few minits later the security guard from Blue security Hopewell arrived so went into the property .we found one female adult dog dead on the chain ,the 2 puppies were still sucking from the dead mother, and there was another male dog on the chain .
The dead dog was chained on the -+10runnng chain., there 2 empty bowls near the dead dog .the static chain was tangled and too tight around the dogs neck .
After was saw the dead dog I went out of the property to notify the owner and the network was so bad ,went I came back to the dead dog I notice that the 2 puppies were not there ,we looked for them we could not find them ,we me and Hopewell tried to contact the owner but we failed because of bad network.
I removed the dead dog I put it in a back rubbish bag and loaded her on my bakkie and brought her to spca I put the body in the deep freezer.
In the next morning I asked Dr Thomson to do the vets report .
Sue Campbell called my colleague Petra Abrams to her that she found the 2puppies .I went to her property 9A leader place to collect them. Upon my arrival I met Sue Campbell assistant ,David he gave me the puppies and signed the forms.
I went to Molweni police station todo the report.

ACTIONS

OTHER	We will discuss this case with the prosecutor once we have the vets
