General Report Comments: Upon arrival i hooted and shouted. Xoliswa granted me access to the property.

She then explained the dog was kept in the small section of the veranda cos the maid was afraid of the dog. The dog now is roaming freely in the back yard. The dog appears to be in a good condition and clinically alert. The dog has access to shelter and water. The living environment is clean and the maid was sent back home cos she is afraid of the dogs.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.

Case closed.
