General Report Comments: Upon arrival i met met Megan and shared a natured of complain

When i arrived at the gate two dogs were roaming freely at the property. The adult dog and the puppy however the adult dog was aggressive. I request her to put the dog in the house as she cant control it.

I entered the property and observed the dog in both dogs. Adult dog was observed throught the window. I further requested her to show me where does she keep the puppy when shes heading to work. She showed me a big room that can accommodate a puppy. The room is clean and water is provided. Adequete ventilation and adequete light. She further mantioned that it only for few house. She starts work at 13H00 and her mother gets home at 15h00. The puppy will then be left to roam freely Megan also mentioned that the puppy was stolen once. They managed to find it and they cant let it roam freely without supervision

I educated the owner that she must get enrichments for the dog to get rid of boredomness

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no.further action that can be taken.
