General Report Comments: All 3 dogs were tied on a +- 5 metres chains because they bite and the fence has holes

I explained to him why i was there he said he used the jays fluid on the dogs to kill fleas and ticks i checked on his dogs and underneath i couldn't see fleas or ticks

I advised him to use dip next time to treat fleas and ticks because jays fluid burns the dog's skin and he must also spray on kennels where dogs are kept
