I introduced myself and shared the nature of complaint. They told me that they remember they received a warning earlier this week regarding a dog and they get home after 18h00. It was arranged to meet on weekend.

They granted me access to enter the property. The dog in question is named Rocky. The dog was observed on at static chain that is 2 meters long. Rocky has access to adequete wooden kennel and portable water. The living environment is clean and hygienic. Anamalay explained that the dog is quick to exit the gate once it is roaming freely. They then told me how they plan to separate the property so the dog can be kept in a backyard. Looking at the dog i could see it will break a runner and they dont wanna surrender the dog.
