General Report Comments: Upon arrival i hooted several times. I observed a dog roaming freely at the property.

The dog name is Max. I observed the Max roaming freely until someone came to the gate. It was a young boy and i requested him.to call Erica. Max appears to be in a good condition.

I shared a nature of complain and Erica shared that dog named Summer usually digs holes to get out. Summer was observed in a good condition.

I checked the fencing and Erica tried everything to close the fencing of as the fencing is pillar sade fencing. There is a chicken wire and wire mash added on the fencing.

I strongly believe the case can be closed. There is no contravention of the Animals protection act 71 of 1962 and there is no further action that can be taken.
