General Report Comments: Upon arrival i met Mr Gqwaru and he was rushing to an appointment. I explained to him that ill be quick and im not gonna delay him

He granted me access two dogs were observed roaming freely. The dogs has access to adequete shelter and the living condition is clean. The property is separated and the dogs are in a good condition.

He then complained about the neighbors stating that he feels offended as every two weeks i am visiting his property. They did comply to the warning that was issued and they know now how to look after their dogs.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
