General Report Comments: Upon arrival i hooted and whistles the dog went to the back of the kennel

The dog appears in a good health and in a good condition.

The dog has access to adequate shelter and can express animal natural behavior.

Due to the fact that Rocky is a powerful breed. It was advised the owner must provide a longer chain and he did exactly that.

I strongly believe the can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further actions that can be taken.
