General Report Comments: Upon arrival i met Miss Mthethwa who is a maid at the property

I shared a nature of Complain and she laughed stating that it confusing.

The owner of a dog is Tee and she comes back after 17h00. She is always at the property and her job is to clean the house. She also do washing and she makes sure the dog is fed at all times. The dog has access to shelter and portable water. The living environment is clean and hygienic.

She provided Tee numbers for me to call if i wanna find out anything regarding the dog .

After 17h00 i contacted Tee regarding the allegations. She then told me that she can't take the dog to work and whoever complains want to own the dog. She wont allow that and she wont surrender the dog to the SPCA. When shes home the dog is given attention and she can't seat with the dog all day.

I strongly believe the case can be closed as there is no contravention of the animals protection act 71 of 1962 and there is no further action that can be. It seems this is a neighbors dispute.
