General Report Comments: Upon arrival i met Wonder who granted me access .

I questioned what happened to the dog that was injured. He told me that the dog was taken by his fathers brother who resides in Petermaritzburg

I tried everything in my powers to find the new address but it all went invain. Two dogs are on this property now and they appear to be in a good condition and clinically alart. The dogd has access to adequete shelter and the living environment is well mantained. The dogs has access to portable water and Wonder also confirmed that it was not fair to keep one dog at the back . That what he was told by her father.

I contacted Sihle but number went to voicemail. When his son gave him a call he did pick up the phone but as soon as he heard Spca want answers he dropped the call.

I issued a warning

In future any animal that is sick or injured under your custody must be taken to the veterinarian for assessment and possible treatment without ant delays.

Failing to do so may lead into further actions taken against you for being in contravention of the animals protection act 71 of 1972 and allowing your animal to suffer unnecessarily
