General Report Comments: Upon arrival i met Andrew

I was granted access to enter the property. The dog in question was observed and it was clinically alert. The dog is in good condition and it was recently groomed at Westville . The dog is a rescue and very scared of people. The moment i get closer it runs away and it has access to shelter. The dog also has access to the house at all times. The living environment is clean and hygienic. There is a cat that was observed and it appear in good health. Both animals has access to portable water at all times.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
