General Report Comments: Upon arrival i met Sibusiso and shared a nature of complains. Three dogs were observed roaming freely in the front yard and the dog the complaint is reffering to didnt show any injuries or sign of discomfort.

He then took me to the house where i observed two puppies that he is raising. He then showed me a section where there are rabbits. There is adequete food provided and shelter. The living environment is clean and hygienic

Sibusiso further stated the neighbors dont like him at all. Recently there was a municipal vehicle who came to his property to investigate his property.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962.
