CHECKLISTS

General Report Comments: Upon arrival i parked at the main road and went to check where the animals were kept.

There was dog found at the address. I walked around to check the entire property and there is no sign the dogs.

I then contacted Adbul and he stated he gave the dogs away to family member as he realized the dogs were not free. He refused to share the address.

There is no animals on the property. I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
