General Report Comments: Upon arrival hooted and shouted.

Thabo granted me access to enter the property. The dogs are kept into different sections of the property and each section has adequate space. The living environment is clean and hygienic. Both dogs are on a good condition and clinically alert. The dogs have access to portable water and shelter.

Thabo claimed the complaint is the neighbor as she want to own Milo. On my observation Milo is an albino and i Educated that they must apply sunscreen to protect the skin of the dog as it appeared to be pinkish .

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. I strongly believe the case can be closed.
