General Report Comments: Upon arrival i met Mrs Bhola who is the mother of the owner.

While hooting the dogs came to the gate until Mrs Bhola gave me attention.

I shared a nature of complaint and she stated that they were busy cementing the floor however the dogs will step on the wet flooring and leave footprints. The dogs were then put in the chain until the flooring dried up. The dogs were observed roaming freely on property and they appear to be in a good condition. The dogs have access to shelter and water is provided. The dogs are not kept in a chain or caged. The living environment is clean and hygienic.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. Case closed and they don't wanna sterilize the the dogs.
