General Report Comments: Petra and I went to the property, upon our arrival we were met by the owner. She got 24 dogs and 8 cats, all the cats are sterilised and male dogs also sterilized, she still needs to sterilise the female dogs. She said she had some heavy chain around dogs' neck to prevent it from jumping over the fence, but during our visit the thing was already taken out of dogs' neck. She said she was not going to do it anymore. Most of her dogs are small breeds. She is aware that she got too many dogs in her property and we have tried several times to convince her to reduce the number of dogs. There was no cruelty there except the noise complaint, we advised all the complainants to contact metro police.
