General Report Comments: Upon arrival i waited for Andre he arrived at 12H10 and granted me access to enter the property.

I shared a nature of complaint and he told me that he knew SPCA was gonna come out. We walked around the property and two dogs were observed both dogs appears to be in a good condition. The dogs are clinically alart and have access to water and adequate kennel. Bedding is also provided for the dogs and dry scratches were observed on Moses which is the pitbull.

Andre further explanation that he had two pitbulls on the property and they fought on 30 January (last Thursday). Her mother couldn't separe the fight and he came to the property however the old pitbull was injured on the trachea. The dogs were taken to S. T Johns Veterinary clinic and after the consult the dog was put to sleep as it was suffering.

There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. I strongly believe the case can be closed.
