General Report Comments: Upon arrival i hooted and someone opened the gate.

I drove into the property and met Mr Govender. He then took me to the owners of the dogs and the owners are Chinese nationals.

I shared a nature of complaint and they told me it false allegations. However I informed them that if i get evidence I'll take further actions in terms of the Act

The dog in question was observed roaming freely and it appears to be in a good condition. The dog has access to shelter, portable water and food is provided for the dog. On my observation the dog is not terrified of the owner and the living environment is clean

I issued a warning stating

It has been brought to attention that you were seen beating the dog mistreating the dog by throwing it in a swimming pool. If we should receive any evidence supporting these allegations further actions will be taken against you for being in contravention of the animals protection act 71 of 1962.

Case closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. I strongly believe the case can be closed.
