General Report Comments: upon arrival i met Brent he granted me access to enter the property.

I observed 12 dogs roaming freely on property. They have access to the house at all times. The dogs appears to be in a good condition and clinically alert. No dog appears to be injured and the dogs get along fine. The living environment is clean anr hygienic.

The owner denied the allegations. I made it clear that if i should get evidence further actions will be taken.

I issued a notice to comply

It has been brought to attention that you were seen throwing the dog on the ground. If we should receive any evidence supporting there allegations. Further action will be taken against you for being in contravention of the animals protection act 71 of 1962.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken. The owner doesn't wanna sterilise the dogs.
