General Report Comments: Upon arrival i met Zama Ndlovu and shared a nature of complaint. She granted me access to the property

I entered the property and observed Bruno. Bruno has a bendage on the right leg and he is limping. Bruno can't apply pressure on the right as a sign of discomfort when he puts the foot down. According to Zama, Bruno got injured yesterday in the afternoon and she doesn't wanna make a decision regarding Bruno cos her husband is not home. Bruno has access to adequate shelter and the living environment is clean. Portable water is provided and i didn't see any external parasites. Bruno was observed roaming freely on property.

I issued a notice to comply
Seek veterinarian treatment for Bruno within 24 hours as he is limping on the right leg

You have an option to surrender the dog to SPCA.
