General Report Comments: Upon arrival i hooted and shouted until someone came out.

She introduced herself as Mrs Abdul and i shared a nature of complaint . She granted me access to enter the house.

Two dogs were observed and they are very aggressive towards the strangers . The property is separated but the dogs can visit the backyard andy time they want as the separation is not adequately fencing.

The dogs have access to kennels at all times and the dogs are observed in a good condition. The dogs were observed roaming freely and the living environment is hygienic. Portable water is provided in 5 litre and the container is clean which proved the container is cleaned regularly.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.

Case closed
