General Report Comments: Upon arrival I hooted and i requested a man that was working on site to call the owner of the property.

He went into the house and came back with the owner. I introduced myself and the owner introduced himself as Amos who owns the property.

I shared a nature of complaint and he was confused regarding the complain. Amos bought the puppies 2 weeks ago from PIETERMARITZBURG and he went to vaccinate the 2 puppies. He further explained that the puppies were crying cos he was giving them a bath and he questioned if that is a crime. 2 puppies were observed in a good condition and clinically alert. The dogs have access to adequate shelter and portable water is provided. The living environment is clean. There is no sign of a chain and the puppies are roaming freely, Amos then told me that i can ask the guy who is working on property why the puppies were screaming. I did ask a man working on property and he told me the puppies were given a bath.

I strongly believe the case can be closed. There is no contravention of the Animals protection act 71 of 1962 and there is no further action that can be taken. Case closed.
