Upon arrival i met Lionel and he granted me access to enter the property. The dog in question was roaming freely at the front yard and the dog was clinically alert. The dog has a bit of a skin problem and according to Lionel the dog is under nexguard. They are treating the dog
The dog has access to portable water and the living environment is clean .

We then went to the backyard where we observed 2 dogs roaming freely and they are clinically alert. The living environment is clean and hygienic. The dogs are roaming freely at the backyard and portable water is provided.

Lionel was with his wife and she confirmed that every month the dog is given Nexguard. I then went to the house and the dogs are fed pellets for balanced nutrition.
