General Report Comments: I received a call from Mzimela and i went straight to his house.

I observed 2 adult dogs roaming freely and also 1 puppy. The dogs appears to be in a good condition and clinically alert. The dogs has access to garage and shelter. The kennels are also provided on the property for the dogs.

Mr Mzimela explained that he never chained his dogs and they don't go outside the gate.

He took two puppies to his house located at kwandengezi as he does not wanna have more then 3 dogs on his property. He further stated that he will call when he is ready to sterilize.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
