General Report Comments: Upon arrival i hooted and the gate opened

I went to check where the dog is kept. The dog appears to be in a good condition and clinically alert. The living environment is clean and hygienic. Portable water is provided for the dog and the dog has access to adequate shelter to protect the dog from weather elements. There is sufficient space for the dog to roam around in an enclosure.

The owner is looking for a new place to rent and he will be relocating any time soon. The dog is still a puppy.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
