General Report Comments: Upon arrival i hooted and shouted but no response. I wrote a contact notice and i was plugging a notice at the gate. One of the guys who lives at the property arrived.

He granted me access to the property and we went to knock at the main house. Mrs Shezi gave us attention and I shared a nature of complaint.

Mrs Shezi explained that the dog was once knocked by a car and was admitted at the SPCA and it was sterilized after it went for surgery in the ear.

The dog in question was observed and it appears to be in a good condition. The behavior of the dog seems fine and it doesn't display any form of discomfort. The living environment is clean and hygienic. The dog has access to shelter and portable water. Mrs Shezi then informed me that maybe the kids are the ones teasing the dog if they are not home.

I issued a warning for Felicia or anyone at the property stating.

It has been brought to attention that someone on the property was seen beating the dog. If we should receive any evidence supporting these allegations. Further action will be taken against you for being in contravention of the animals protection act 71 of 1962.
