CONFINEMENT OF ANIMALS	Caged - adequate space	Yorkies kept in cage 6mx3m during the day. Boerboels kept in

General Report Comments: Petros and i went to premises and Howard the owner was not home. We did see the yorkies in an enclosure 6mx3m they did have shelter not adequate. Then we saw boerboels in another enclosure approx 15m x 6m. 2 x enclosures. They had shelter which was acceptable. I phoned Howard and spoke to him and he said he is in the process of improving the enclosures. He said that the yorkies are kept outside during the day but not at night. I have told him to concrete the floor and to get them a decent kennel and to sort fencing of the enclosure. He said that he will improve all of that and he is also getting fencing for the property so that the boerboels can roam loose. He said that his staff walk the dogs everyday. All the animals are in good condition. Enclosure and shelter needs improvement. He said in meantime he will get pallets and eglo so the dogs are not on the ground. I told him i will go back and check next week.
