General Report Comments: Upon arrival i hooted several times and Randy came to the gate.

I shared a nature of complaint and he granted me access to enter the property. We looked upstairs and the dog was not seen until we went to the other side of the property.

51B and Randy opened a gate. The dog was seen roaming freely having access to shelter and water. The living environment is clean and hygienic. He denied keeping a dog in an enclosure and no enclosure was seen.

The dog is clinically alert and it in good health. I strongly believe the case can be closed. There is no contravention of the Animals Protection Act 71 of 1962 and there is no further action that can be taken. I strongly believe the case can be closed
