General Report Comments: Eric and myself went to the property and met Mr Mvelis grandson .there were 2 cross breed male dogs , 11 geese and one pig .
All animals appeared to be in acceptable condition. the pig was roaming freely .He did admit that they had slaughtered the pigs before by knocking them on their head with the hammer to render it unconscious before slaughtering. we did offer assistance to the owner of the pig using more humane method, should he wish to slaughter it at a later stage .
We also advised him on dogs sterilization .
