General Report Comments: As Mr Xaba didn't pitch for the appointment we had and he wasn't answering my calls.

I then visited the property to check the welfare of the dogs. I stood at the gate and hooted but there was no response.

Through the gate i observed two dogs roaming freely on property and they were losing weight. The dogs are clinically alert having access to shelter and the living environment is clean.

I issued a warning

- To provide the Animals with adequate food on a daily basis .
- To provide sick animals with adequate veterinarian treatment within 48 hours and provide the SPCA with a veterinarian report controller@kloofspca.co.za
- To treat animals for tick and fleas and continue treatment regularly .

I further stated

- Two dogs were observed underweight and they must be fed 3 times a day.
- The old dog was observed with a skin problem and if the dog is under treatment proof must be provided.
- Two dogs in the front yard were observed scratching themselves non-stop.

ACTIONS

Warning Issued 6362
