General Report Comments: Upon arrival i hooted as Meroon Tazz was parked at the property .

Vizow came out and i shared with him why I'm visiting the property. He told me that he has advised his wife that the dog must be surrendered as it is old and last time it was taken to the veterinarian. Reshma was told it won't survive anesthetic. He said it will be better if i speak to his wife to get her to surrender the dog.

He immediately contacted his wife. I spoke to Reshma and she repeated what was said by her husband. I made it clear that the dog is experiencing discomfort and if there is no medication for the dog I'll take legal action. The dog must be surrendered immediately and Reshma told me that I must admit the dog for treatment. I then responded it either the dog is signed over now or i come back with a warrant as there is a vehicle on the property and nothing has been.

She then agree to surrender the dog.  
The dog was loaded by Vizow

I issued a warning

In future any animal that is sick or injured under your custody must be taken to the veterinarian for assessment and possible treatment without any delays. Failure to do so may result into further action taken against you for in contravention of the animals protection act 71 of 1962.
