General Report Comments: Upon arrival i hooted and a woman came to the gate. She granted me access to enter the property after i shared a nature of complaint

She took me to the back where the dog is kept. The dog was observed in a good condition but the dog was kept on a static chain. There was no water provided and the dog couldn't reach the kennel as the chain was tangled around the sink.

I question why the dog is on a chain and Mandisa responded she is afraid of dogs. I informed her that it is against the Animals Protection Act 71 of 1962 to chain the dog in such a manner. I removed the chain.

Water was immediately provided and placed in a kennel .

I issued a warning

- To provide Animal/s with sufficient fresh water 24 hours a day.
- To untie/unchain Animal/s immediately to roam freely inside the property.
