General Report Comments: Upon arrival i hooted and shouted but no one is home.

From the gate i observed 1 adult dog and one puppy. The adult dog is in a fair condition and the puppy is slightly underweight.

The dogs are clinically alert and the living environment is clean. I then contacted the owner and question him how many times does he feeds his dog for a day and when last were the dogs dewormed.

He told me once a day and he responded that they were dewormed in february

I issued a notice to comply

1. Deworm your dogs within 7 days.
2. Ensure your dogs are always kept inside your premises at all times.
3. Feed your dogs three times a day.
