General Report Comments: Upon arrival i met the complainant and shared a nature of complain.

She called Andile who she claims is responsible for the dog in question . I questioned Andile regarding this dog and the first time he saw the dog it was walking at the property as at this address they have rooms for rental. Andile further stated he fed the dog as he was feeling sorry for the dog but not only him. Each and every tanent had fed the dog as they were feeling sorry for the dog. The dog is a stray and hes been feeding it for two months now.

Andile and a old man at the property suggested the dog must be taken by Spca as it is struggling to walk. I observed the dog in question and it is struggling to walk.

The dog was admitted as stray as no one owns this dog at this property.
