General Report Comments: Upon followup inspection

I met Mrs Ngewabe and she explained that Nkosinathi doesnt look after the dog at all. She feeds the dog as the owner is always busy clubing

I then contacted Nkosinathi and he made an excuse that he is in pinetown to look for medication.

The dog is still underweight and has a skin problem. The dog was observed roaming freely having access to shelter. Portable water is provided and the owner didnt wanna surrender the dog

I issued a warning

-Provide the sick animal with adequete veteritary treatment within 48 hours.

The dog in question must be taken to the veterinarian for assessment and possible treatment with the given time frame. You have an option to surrender the dog to SPCA

-Your dog appears to be underweight.
