General Report Comments: After many attempt to find the house that i should investigate.

I made an arrangement to meet the complainant on the road.

Upon arrival i met the complainant that is a neighbor. He pointed the house and i went to the wendy house.

I met Siphokazi who is the owner of the dogs. I then explained to her regarding the complaint. The dogs are kept in the wendy house at all times and the house was smelly.

The dogs appeared to be in an acceptable body condition. She further stated that one dog doesnt wanna eat. I questioned if the dogs are vaccinated or not.

Sh responded no. I then convinced her to sign the dogs over to the Spca as she doesnt have time to look after the dogs. You can tell that shes on heavy drug.

2 dogs were signed over.

I strongly believe the case can be closed. There is no contravention of the Animals Protection Act 71 of 1962 anf there is no further action that can be taken.
