General Report Comments: Upon arrival i hooted and a guy came to the gate. He introduced himself as Thirushen and he is the owner of the house.

I shared a nature of complaint and he called his wife. He granted me access to enter the property.

The property is separeated and the dogs are kept in the back yard. The backyard is very big

The dogs were observed roaming freely at the backyard and they can express animal natural behavior. The dogs have access to portable water and adequete shelter that can protect the dogs from all weather elements. The grass at the backyard is well mowed.

Both dogs are clinically alart and the dogs are not skinny. Observing their body score of the dogs these dogs are well looked after. One dog displays a lot of muscles and it coming from running around the property at all times.

The respondent claims that the neighbor is the complainant. As the complainant reported her to Metro police as they were hosting a party.

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
