General Report Comments: Sipho and myself went to the property.
We were met by the owner but she was too scared to let us into the house .
She brought the cat to the gate.
The cat appeared to be in good condition.
The complainant said she normally keep the cat in the space between the door and bugler gaurd gate.
At the time of our visit the door was opened so the cat was inside the house .
The gate has wire mesh on it .
When we asked her about keeping the cat in a small area ,she said her cat is free inside the house .
She didnt want to give us her cell numbers or her sons cell number.
I will go back on the weeked when her son is at home .
