General Report Comments: Upon arrival i met Lungele

He granted me access to enter the property. Upon observing the dogs i questioned him about a puppy that was taken to Spca and he explained he never had much info about the dogs. The reason he went to Spca it was recommended by a friend and he knows about the dewormer and vaccinations now.

He further stated he only knew about rabbies. I then tried to convince him to sign the puppies over and ill assist with a sterilization. He turned my offer down stating he is not interested

I strongly believe the case can be closed. There is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
