General Report Comments: Upon arrival I met Ntobeko and he granted me access

I shared a nature of complaint and he responded that he knew Spca will visit him as his neighbor was swearing at him stating he will call Spca to remove the dogs.

Upon inspection two dogs were roaming freely having access to shelter and water. He explained that he didnt want the dogs to mate since one dog is on heat. I then offered a sterilization of which he declined the offer stating he want his dog to have a litter atleast.

The dogs are now separated and he made it clear he doesnt wanna get into trouble. Hence that why he unchained both dogs to roam freely

I strongly believe there is no contravention of the animals protection act 71 of 1962 and there is no further action that can be taken.
